

# mx19

The **MULTI-SHREDDER** for  
**WASTE** and **RAW MATERIALS**  
from small businesses & private households

Made in Austria

UP TO **80%** LESS WASTE  
VOLUME

APPROX. **60%** LESS DISPOSAL  
COSTS

# The earth is drowning in WASTE!

Threatening mountains of waste are piling up, huge islands of rubbish are drifting across the Pacific, and global plastic production is currently at over 400 million tonnes a year.

Plastic and other materials are causing a rapid increase in the volume of waste everywhere, especially in your own home. Even a quick trip to the supermarket ends in an excessive amount of plastic waste.

Most of the time, it's disposed of in rubbish bins, residual waste bags or cardboard boxes. Over time, the sheer volume of rubbish takes up so much space that there is barely any room left to simply live.

**A lost cause? No - YOU can do something about it.**

## WE have the solution:

# WASTE SHREDDING

The shredding of accumulated waste is a brilliant innovation, a small step for technology, but a giant leap in our vision of an environmentally friendly future.

The Mx19 MULTI-SHREDDER is an innovative product by Headplanet that effectively compresses plastic, metal, glass and other waste material produced in restaurants, offices, small businesses or **private households**.

**The Mx19 is also excellently suited for shredding of various raw materials.**

WITHOUT Mx19

Your bin is regularly bursting with rubbish. Most of this volume is just AIR.

WITH Mx19

Free up all that unused space in your bin by shredding waste with the Mx19.

# Mx19

## MULTI-SHREDDER

is suitable for:

PET bottles

Tetra Packs

Plastics

Tins  
made of metal or  
Aluminium

Glass up to  
Ø 70 mm

CDs

## STRAIGHTFORWARD, EFFECTIVE, EASY TO USE...

...this characterizes the operability of the  
**Mx19 MULTI-SHREDDER.**

Decide which materials you want to shred  
and sort them accordingly.

Insert your PRE-SORTED waste through the top  
hatch and then activate the Mx19 MULTI-SHREDDER.

The shredding process is fully automatic and  
household waste is disposed of in a bin of your  
choice. This reduces waste volume and benefits  
your wallet in the long run.

## Your advantages

**CLEAN SEPARATION** of waste and  
various raw materials instead of  
bulky waste bags lying around.

One device to shred countless  
materials, giving you a wide range  
of efficient applications

**Approx. 60% annual SAVINGS** in  
disposal costs due to effective use  
of empty space in your rubbish bin

The MULTI-SHREDDER also  
doubles as a **SPACE SAVING  
STORAGE SOLUTION** for your bins.

**PRODUCT VIDEOS** available online or  
schedule a **PRESENTATION** via **VIDEO  
CONFERENCE, CONSULTATION &  
ORDERS** available online and by phone

Less waste volume means less lorry  
journeys, resulting in a **DRASTIC  
REDUCTION IN CO<sub>2</sub> EMISSIONS** and a  
positive contribution to the environment.

Highly durable components, making the  
Mx19 **PRACTICALLY MAINTENANCE-FREE**

Kerbside **DELIVERY SERVICE**

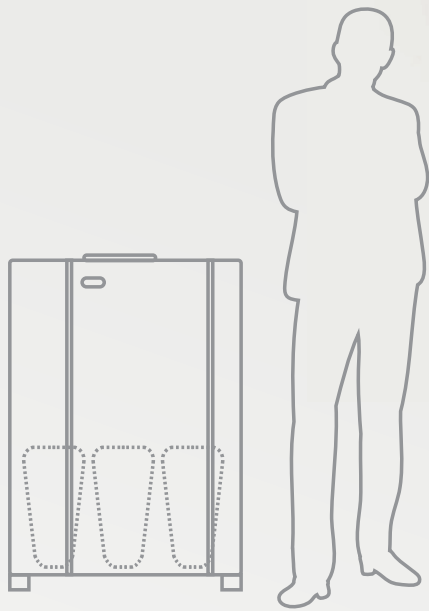

# The patented **MULTI-SHREDDER**

## Technical data As of October 2022

Dimensions (W/D/H)	89 cm x 52 cm x 110 cm
Electrical connection	230 V
Drive power	0,55 kW
Feed opening	24 x 17 cm
Weight	approx. 140 kg
Noise level	< 45 dB
Container volume	3 x 28 litres or 1 x 60 litres

Alternatively available with a 60 L container.
